SUMMARY

Frontend developer and Web & Mobile Application Development A.A.S. candidate building responsive, AI-integrated applications with React, Next.js, TypeScript, and REST APIs. Enjoys transforming complex systems into clean, intuitive interfaces. Experienced independently learning new technologies across web development, AI, and Unity, with a strong interest in building interfaces that improve user experience.

EDUCATION

Web & Mobile Application Development A.A.S

Anne Arundel Community College | GPA: 3.5
Arnold, MD | August 2023 - Present (Degree expected Dec. 2026)

PROJECTS

PeerPlaybook | *Next.js, TypeScript, OpenAI*

- Built an AI-powered application that helps Supplemental Instruction leaders create structured academic session plans.
- Integrated OpenAI into a guided, multi-step workflow that transforms user goals and session context into actionable planning output.
- Independently researched and iterated on AI-assisted educational features.

Chatterbrain | *Next.js, TypeScript, OpenAI*

- Built a responsive user-friendly frontend with search, filtering, and AI assisted learning experiences.
- Implemented layered architecture for clean separation between UI, use cases, and repositories.

EXPERIENCE

Supplemental Instructor & Tutor

Anne Arundel Community College | Aug. 2024 - Dec. 2025

- Led structured study sessions in computer science topics, helping students understand programming concepts and problem-solving approaches
- Translated complex technical material into clear, actionable explanations

Camp Instructor

Club SciKidz | Jun. 2022 - Aug. 2022

- Planned and instructed lessons in robotics, physical science and game development

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwindcss

API's & Data: REST APIs, OpenAI, Axios, PostgreSQL, Supabase, Prisma, Drizzle

Backend/Scripting: Express, Python

Development Tools: Git, Figma

Interactive Development: C#, Unity

Additional Languages: Java, C++

ADDITIONAL INVOLVEMENT

Web Development Club

2025 - Present

Game Development Club

2021 - Present
